SUMMARY

Project Manager Highly experienced Senior Fullstack Engineer with 7+ years of expertise in designing and developing scalable, efficient, and user-friendly web applications.
Proficient in a range of technologies including React.js, Next.js, Laravel, Node.js, Tailwind CSS, JavaScript, TypeScript, and various databases such as MySQL, MongoDB and PostgreSQL.
I have a strong background in building RESTful APIs and integrating them with various third-party services.
Participated in team projects, including booking systems and gaming platforms.
Open to remote work in teams focused on innovation and creativity.

SKILLS

| React.js | Next.js | Tailwind CSS | MUI | JavaScript | TypeScript | Node.js | PHP | Laravel | AWS |

| Microsoft Azure | GCP | GitHub | Zira | Trello | Agile | MongoDB | MySQL | SQLite | PostgreSQL |

| OpenAI APIs | Google APIs | Restful APIs | API Integration |

EDUCATION

Bachelor's degree
Kirovohrad Institute of Regional Management and Economics
📅 05/1995 - 11/1999 📍 Kirovsk, Ukraine
- Specialization in Economics

Specialization in Computer Science
Maharishi Markandeshwar Online University
📅 10/2014 - 06/2017 📍 Mulakād, India

EXPERIENCE

Project Manager
MessageLOUD Inc
📅 08/2022 📍 New York, United States
- Designed and implemented a dynamic web dashboard for server statistics visualization, enhancing performance monitoring and enabling proactive issue resolution
- Collaborated with backend teams to integrate MQTT protocol for managing server infrastructure, ensuring reliable communication and efficient data handling
- Developed a user-friendly Telegram bot for the internal team, streamlining reporting processes by automating data collection from 5,000 users, leading to a 20% reduction in reporting time
- Participated in agile development practices, contributing to sprint planning, stand-ups, and retrospective meetings to refine project workflows

EXPERIENCE

Full-stack Developer

Bandapixels

📅 01/2019 - 06/2022   📍 Kropyvnytskyi, Ukraine

- Developed and maintained high-load web applications tailored for corporate clients, have ensured optimal performance and user experience
- Collaborated with cross-functional teams to implement RESTful APIs for seamless mobile application integration, enhancing functionality and increasing user engagement
- Designed and built comprehensive analytics modules that improved reporting efficiency by 30%, enabling better decision-making for stakeholders
- Conducted thorough testing and debugging to ensure responsive design and cross-browser compatibility, maintaining high standards of quality assurance
- Utilized modern frontend technologies and frameworks to create dynamic and interactive user interfaces, enhancing overall user satisfaction

Frontend Developer

Bandapixels

📅 08/2017 - 11/2019   📍 Kropyvnytskyi, Ukraine

- Collaborated with UX/UI designers to translate wireframes and prototypes into high-quality code, ensuring a seamless user experience across various devices
- Implemented state management using libraries like Redux and Context API, improving application performance and maintainability
- Optimized applications for maximum speed and scalability, reducing load times by an average of 18%
- Worked closely with backend developers to integrate RESTful APIs and ensure smooth data flow between frontend and backend services
